

Year 3

Multiplicative Fluency 1

Week 2

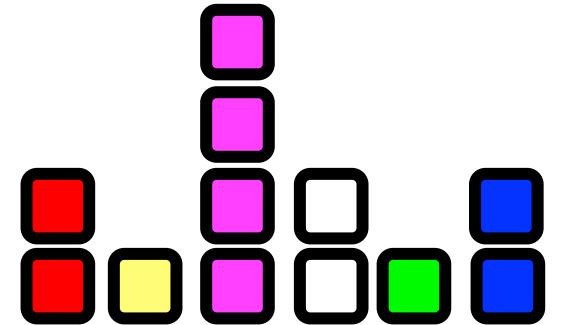

Numbers 12 and 14

Numbers of the week... 12 and 14!

Notes for teachers in school or at home:

- This week is about learning the multiplication facts for 12 and 14.
- Know that 12 has 2 key facts: 2×6 and 3×4
- Know that 14 has 1 key fact: 2×7
- Know division and fraction facts for each number.

Equal groups to make 12

Look how these
dice make 12.

Find two other
ways to make 12
like this.

Use 12 toys or
objects.
Sort them into
equal groups.

Here are 12 blocks.
Make the towers
equal heights.

Key factors of 12

Remember these
factor triangles!

$$12 = 2 \times \text{♥}$$

$$12 = 6 \times \text{●}$$

$$12 \div 2 = \text{★}$$

$$12 \div \text{▽} = 2$$

Copy both factor
triangles for 12.
Hide one number.
Work out what is
hidden.

If you remember
those triangles, you
can solve all these!

$$\text{◆} \times 4 = 12$$

$$\text{☁} \times 3 = 12$$

$$12 \div 3 = \text{⬡}$$

$$12 \div 4 = \text{⬠}$$

Equal groups to make 14

S	S	M	T	W	Th	F
S	S	M	T	W	Th	F

How many days in
1 week?
How many days in
2 weeks?

Draw pictures to
show 14 shared
into equal groups

Count to 14 in
steps of 2.
How many jumps
of 2?

Key factors of 14

Remember this triangle!

There is only one factor triangle to remember for 14!

How many multiplications and divisions can you make for this factor triangle?

$$\square \times \square = \square$$

$$\square \div \square = \square$$

Fraction skills

$\frac{1}{2}$ of 12 is

$\frac{1}{3}$ of 12 is

$\frac{1}{2}$ of 14 is

$\frac{1}{6}$ of 12 is

$\frac{1}{4}$ of 12 is

$\frac{1}{7}$ of 14 is

This week we learned...

When you remember these factor triangles, you know

- 1) Times tables
- 2) Divisions
- 3) Fractions!

Well done! See you next week.
